Re: Recognition on the Floor of the House of Representatives

I am pleased to announce that I've arranged for you, as principle instructors and program directors of medical technology in the State of Indiana, to be formally recognized on the floor of the State Capital House of Representatives on April 7, 2009. Representative Sheila Klinker will be our host and has asked that we be there by 1 p.m. when the House convenes. I suggest we meet in the foyer of the main floor at 12:30 p.m. so we can enter as a group. The House meets on the second floor.

I've also given some information to the Purdue News Service which has run an article on the excellent employment opportunities for our medical technologists and they have distributed it to all state news agencies.

I will also have with me the State of Indiana official Proclamation concerning your recognition and it being Laboratory Week.

Expected Itinerary for April 7:

12:30 p.m.--Arrive on main floor lobby
12:45 p.m.—move to the House Chambers on second floor
1:00 p.m.(approximately)—escorted onto the floor of the House for introduction

I would expect that we will be done by 2:00 p.m. their schedule notwithstanding.

This is in recognition for your service to the State of Indiana, Purdue University and the profession of Medical Technology.
