

REQUEST FOR SUPPLIES

Please provide complete information to ensure deliverability

Supplies and containers for laboratory services are provided at no additional charge to our clients. Alverno Clinical Laboratories, LLC provides supplies to clients for specific use in collection and submission of specimens to our laboratories. These include all blood collection tubes, needles, needle holders, containers, preservative solutions and special collection containers and devices. In compliance with Federal regulations, Alverno may provide clients with only those blood collection supplies that do not have multiple uses, are directly related to the collection of specimens and in amounts proportionate to the specimens received from the client. Alverno cannot provide supplies if the testing is being performed by the client or another laboratory. Please allow 3-5 days for delivery of supplies.
